

JetStream™ Pro-PAK

Wireless installation kit for professionals

Streamlined installations

Professional installers wanting to offer the latest in Zigbee™ wireless lighting control technology, should look no further than JetStream Pro-PAK for their first installation. The USB programming tool is a one-time expense that can be used to install hundreds of future jobs, and once you see how easy it is to program scenes using the Microsoft Windows® based programming software, you will be ready and equipped to program any system up to 200 devices!

Package Includes:

- 4 One-button dimmers*
- 2 Three-button dimmers*
- 1 Car visor remote
- 1 USB Programming bridge
- 1 Software installation CD
- 1 Programming manual

Order # 6255006- (insert color suffix here—see below)
